Dubet, Dutch Used Bakery Equipment Trading

Who are we?

Dubet is the intermediary for the purchase and sale of high quality used machines and production lines in the bakery, chocolate and biscuit industry.

Our roots are in the bakery industry. Our sister company has been providing consultancy and project management services for the international bakery sector for more than 15 years. This is making us a valuable partner. A partner which add value to the purchase and sale of your machines and production lines and within bakery projects.

What do we do?

Mediation

Our years of experience and knowledge of the international bakery, chocolate and biscuit industry have enabled us to build a large and reliable network. We can match supply and demand perfectly with our team of (technical) experts.

Process supervision

We can also supervise the entire process for you; valuations, engineering, (dis)assembly, transportation and technical commissioning elsewhere.

Overhauls

Overhauls are also part of our business operations. This gives us the opportunity to provide guarantees on the machines and production lines that are sold.

Showroom

Both our overhauled and used machines are on display in our showroom.
